

Receiving your Roofnest

Thank you again for choosing Roofnest!

We've put this document together with everything you'll need to know about receiving your Roofnest.

Please read it carefully and if you have any questions, please reach out to support@roofnest.com or call us at **855-887-8897 ext. 2**.

How Our Shipping Process Works

We work with Freight Pros and their freight partners to ship all of our tents. Once your Roofnest shipment leaves our warehouse in Los Angeles we'll email you with your shipper's contact information and a tracking number (called a "PRO" number).

Scheduling Your Roofnest Delivery

Freight Pros (or their freight partners) will call you to schedule the final delivery, and **it's important that you schedule delivery for when you know you'll be home** as you will need to inspect the package for any visible damage and sign for the delivery. **Note:** *While the delivery services are generally good about calling to schedule delivery, we recommend you call them proactively to schedule your delivery.*

Receiving Your Roofnest Delivery

When the delivery company arrives, they'll pull the box off the truck (your tent will be on a pallet) and ask you to sign the delivery ticket to clear the delivery.

⚠ IT IS VERY IMPORTANT FOR YOU TO FOLLOW THESE STEPS BEFORE YOU SIGN:

- **Take your time and carefully inspect the box for any visible damage to it or the tent.** While it's rare for any tent to arrive with damage, it unfortunately does happen on occasion. **Note:** *The driver will not assist in inspection and may even make you feel rushed, but don't allow him/her to affect your careful inspection.*
- **If there is no damage, you can accept and sign for your delivery.**
- **If you notice surface damage to the tent box (punctures, indentions, etc.).** Take photos of those areas and note the details of what you see on the delivery ticket prior to accepting the delivery. Then, take a photo of the signed delivery ticket with the damage noted and email the photos of the damage and signed delivery ticket to support@roofnest.com. We will review all items noted and work with you to resolve.
- **If you notice what you think could be extreme damage (box is smashed up, visible tent damage inside the box, etc.).** Take photos of the damaged areas and call us immediately at **855-887-8897 ext. 2** and email photos to support@roofnest.com. We'll review the situation with you and discuss your options.

Once you are ready to install, please take a few minutes to [watch this helpful Installation Video](#) and refer to the Installation Instructions PDF we emailed you.

Thanks for purchasing a Roofnest and happy camping!
